# MIDWEST SALE INFORMATION

Welcome,

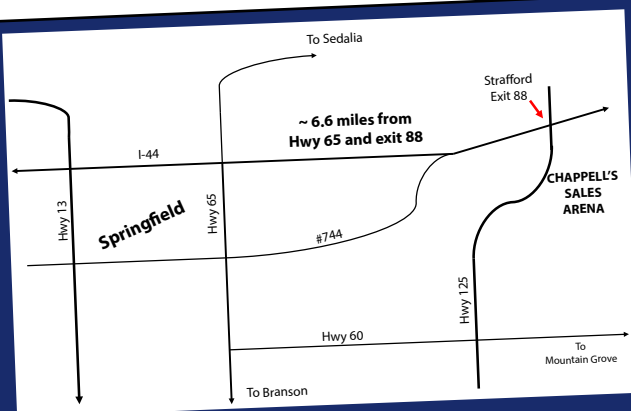

On behalf of all the consignors we invite you to the 33rd Annual Midwest Regional Spring Braunvieh Sale at the Chappell's Sale Arena. The consignors have brought a great group of Braunvieh cattle to the sale with a variety of open heifers, bred heifers, bred cows, pairs, and bulls. We also have 5 semen lots.

The cattle will be on display Friday, May 3rd in the afternoon and on Saturday, May 4th in the morning before the sale. Please feel free to call the consignors about their cattle and ask questions.

We want to say thank you to all the consignors for bringing some of their great cattle to this sale and to all the people that help make this sale happen each year. Let us know if we can do anything to help make your trip a success. A supplement sheet with sale order and any updated information not shown in the catalog will be available Saturday morning at the sale and online at [missouribraunvieh.com](http://missouribraunvieh.com)

We look forward to seeing all of you at the sale.

The Sale Committee

**Saturday, May 4, 2024**  
**1 p.m. • Strafford, Missouri**  
at the Chappell's Sale Arena

Sponsored by the  
**Missouri Braunvieh Association**

## Schedule

**Friday, May 3, 2024**

Sale cattle available for inspection in the afternoon

**Saturday, May 4, 2024**

Auction starts at 1 p.m.  
Lunch will be available.

**Hotel** - Hampton Inn & Suites Springfield, Glenstone Ave., Springfield, MO. (855) 605-0317  
Many other hotel options on Glenstone Ave., Springfield MO.

**Sale Committee** - Larry Lane (417) 830-7318  
Edsel Kieth (417) 253-4693  
Brad Duke (417) 327-4643  
Dan Banasik (417) 840-0494

**Auctioneer** - Jesse Bolin (417) 830-2835

## Conference Call Phone Bidding

Call Brad Duke (417) 327-4643 at least one hour before sale time to pre-register. He will give you the conference call phone number and the pin number.

## Online Bidding

•This kind of eye appeal doesn't always come with such nicely balanced EPDs. She's stout, but has that soft look for the showing. She's the third exceptional heifer produced by her mother. Her sire, Outrider, is a powerful bull out of one of our original Split Diamond cows. Darkside Braunvieh used him for years, and he came back to us a proven sire. Don't miss this good one. She's eligible for the National Junior Braunvieh Show this June in Stillwater.

•Gauchita's dam, BLC Ursa 783G, sells as Lot 32.

• This female is one we are going to miss. One that is complete from nose to tail. The braunvieh breed prides itself on how well they cross with other cattle. 3063 exceeds those expectations! Just out of a first calf heifer is the only reason why we are letting her go. The 2059 maternal line needs no introduction here at WCCR. A proven cow family and certainly no slouch here. Tyler really wanted to keep this one and show her this year. Now it's your turn to make her a staple in your herd.

• One heck of a percentage fall bred cow that hasn't missed a beat. She's always knocked it out of the park with her calves. Sired by one of my favorite Simmental bulls and one great fullblood cow. You can't help but not to love a good halfblood and here she is.

•Sells bred to MCB TEB 8018 7421 (OB93854), checked 75 days bred 3/21/24, due to calve October '24.

• I say I love every cow we sell but I truly love this one a whole lot. She just weaned off a beautiful percentage heifer and I know she will continue to raise great calves. Her dam has raised many show calves for me and I think this one can do the same. Look at the popular sire on this one in the club calf world. Breed her clubby for something to show or breed her back Braunvieh for higher percentage and it will be good either way.

• JMS Holly sells bred to our great Fullblood herd bull, MCB TEB 8018 7421 (OB93854). Checked 65 days bred on 3/21/24, due to calve October '24.

- BLC Dream Girl 146K. PB105034. Calved 9/1/2022 Heterozygous polled.
- BLC EZ Sleep 811G has been a game changer in our herd, and this heifer shows you why. EZ Sleep brought calving ease to the forefront in our herd, and his daughters have calved easily and made productive mothers. Dream Girl's half brother, BLC Captain Warlock 146E, was a successful herd bull for us and then went to work in South Texas. Dream Girl 146K is in the top 5% for BW EPD and top 10% for CED and CEM.
- Al'd to homozygous polled BLC Venture 317A (PB82089) on 11/19/2023. Safe in calf to A.I. date for a fall 2024 calf. We value our 317A cows so much that we bred nearly all our fall calving heifers to this proven sire.

## Braunvieh Performance Info & EPDs

**CEP EPD** - Predicts the ease the progeny of the individual will be born. Higher positive number indicates easier calving.

**BW, WW & YW EPD** - A higher number indicates heavier weights in each category.

**MILK EPD** - The part of weaning weight that is due to the dam's milking ability. Higher number indicates a heavier milking dam.

**TM EPD** - Reflects growth to weaning age plus milk to weaning time. Calculated by adding  $\frac{1}{2}$  of WW + MM = TM.

**CEM EPD** - Indicates the ability of a sire's or dam's daughters to have a calf at two years of age. Higher positive numbers indicate easier calving for the daughter of the individual.

**API INDEX** - The All Purpose Index evaluates sires for use on the entire cow herd with a portion of heifers retained for replacements and the remaining heifers and steers put on feed. The API uses traits such as Stayability, Calf Survival, Cowherd Intake, Heifer Pregnancy %, Marbling, Carcass Weight, Feedlot Intake, Weaning Weight, Yield Grade, Salvage Value, and Milk to provide a balanced Index \$ Value. Higher numbers desirable.

**Birth WT.** - Actual birth weights are given.

**WEANING WT.** - 205-day adjusted weaning weights and ratios are given if available.

### Breed Average EPDs for Non-Parent Braunvieh (young cattle)
